SUSTAINABLE FUTURE

TOGETHER FOR A SUSTAINABLE TOMORROW

GROUP STRUCTURE

An Integrated Industrial Investment Group

PAYIDAR Global Group operates through **specialized companies** in energy, engineering, process technologies, biotechnology, healthcare and international trade.

GROUP CAPABILITIES AT A GLANCE

7 COMPANIES | 3 COUNTRIES | 8+ CORE BUSINESS AREAS

ONE VISION, ONE GROUP, SUSTAINABLE FUTURE

Committed to creating long-term value for our partners, investors and the communities we serve.

OUR CORE BUSINESS AREAS

Integrated Solutions for a Sustainable Future

01 ENERGY

- Refining & Petrochemical Complexes
- Oil & Gas Processing
- Green & Clean Energy
- Hydrogen Technologies

02 ENGINEERING & EPC

- FEED, Basic & Detailed Engineering
- EPC Contracting
- Project Management
- Commissioning & Start-up

03 PROCESS TECHNOLOGIES

- Proprietary Process Technologies
- R&D and Innovation
- Process Optimization
- Licensing & Consultancy

04 ENVIRONMENTAL TECHNOLOGIES

- Waste to Energy
- Plastic & Waste Recycling
- Carbon Reduction
- Circular Economy Solutions

05 BIOTECHNOLOGY & HEALTHCARE

- Probiotics & Health Products
- Cosmetics & Personal Care
- Food Supplements
- Medical Products

06 INTERNATIONAL TRADE

- Import – Export
- Global Supply Chain
- Distribution & Logistics
- Strategic Partnerships

07 INDUSTRIAL MANUFACTURING

- Pressure Vessels & Columns
- Heat Exchangers
- Storage Tanks
- Process Skids & Modules
- Piping Systems

08 INVESTMENT & DEVELOPMENT

- Strategic Investments
- Industrial Projects
- Infrastructure Development
- Long-Term Value Creation

ONE GROUP ENDLESS POSSIBILITIES

Delivering advanced engineering, innovative technologies and sustainable solutions across multiple industries and global markets.

7 COMPANIES

3 COUNTRIES

8+ BUSINESS
AREAS

STRONGER TOGETHER • SMARTER SOLUTIONS • SUSTAINABLE TOMORROW

The Sultanate of Oman is our regional hub for the Gulf region. Through GLOBAL ELITE PRESTIGE LLC in Duqm, we are committed to long-term industrial investments that support **Oman Vision 2040**.

VISION 2040 ALIGNMENT

-  Economic Diversification
-  Sustainable Environment
-  Competitive Economy
-  Advanced Infrastructure
-  Empowered People
-  Governance & Performance

WHY DUQM?

-  Strategic location on international shipping routes
-  World-class port and industrial infrastructure
-  Competitive operational costs
-  Strong government support and incentives
-  Access to regional and global markets

PARTNERING FOR A STRONGER TOMORROW

WHY INVEST WITH PAYIDAR GLOBAL GROUP?

Your Reliable Partner for Sustainable Industrial Growth

We combine integrated capabilities, advanced technologies and extensive experience to deliver world-class industrial projects that create long-term value for investors and the communities we serve.

OUR UNIQUE ADVANTAGES

01 INTEGRATED GROUP STRUCTURE

A fully integrated group covering investment, engineering, process technologies, manufacturing, trade and biotechnology.

02 COMPLETE IN-HOUSE CAPABILITY

From concept to commissioning, we manage the entire project life cycle with our in-house engineering, procurement, manufacturing and construction capabilities.

03 ADVANCED TECHNOLOGIES & INNOVATION

We invest in advanced process technologies, R&D and innovative solutions to deliver high efficiency, reliability and environmental sustainability.

04 STRONG MANUFACTURING & INDUSTRIAL CAPACITY

State-of-the-art manufacturing facilities and experienced workforce ensure high quality, cost efficiency and on-time project delivery.

05 GLOBAL EXPERIENCE, LOCAL COMMITMENT

International experience combined with a strong commitment to the Sultanate of Oman and the region.

06 SUSTAINABILITY AT THE CORE

We integrate environmental responsibility, circular economy and low-carbon solutions in all our projects.

WHAT WE BRING TO OMAN

LONG-TERM PARTNERSHIP

A committed partner for Oman's sustainable economic future.

LOCAL VALUE CREATION

Focused on In-Country Value (ICV), local employment and SME development.

TECHNOLOGY TRANSFER & CAPACITY BUILDING

Knowledge transfer, training and development of local talent and capabilities.

ECONOMIC GROWTH & DIVERSIFICATION

Supporting industrial diversification and creating high-value industries.

SUSTAINABLE FUTURE

Investing in green energy, circular economy and clean technologies.

Creating Long-Term Value.
For Oman. For the Future.

OUR PURPOSE

To build a better future through sustainable industrial solutions and strategic investments.

OUR PROMISE

We are committed to deliver excellence, create value and grow together with Oman.

TOGETHER FOR OMAN VISION 2040

STRATEGIC ADVANTAGES

Integrated Strength. Sustainable Impact.

PAYIDAR Global Group combines diverse capabilities and deep sector expertise to deliver innovative, efficient and sustainable solutions that create long-term value.

01

EPC EXCELLENCE

End-to-end EPC solutions covering engineering, procurement, construction, commissioning and project management.

02

TECHNOLOGY LEADERSHIP

Proprietary and licensed technologies, continuous R&D and process optimization deliver high performance and reliability.

03

MANUFACTURING CAPABILITY

In-house manufacturing facilities for critical equipment, pressure vessels, modular skids and process packages ensure quality and schedule control.

04

INTEGRATED SOLUTIONS

A fully integrated group structure enables seamless synergy across energy, engineering, technologies, manufacturing, trade and biotechnology.

05

SUSTAINABILITY FOCUSED

Commitment to environmental responsibility, circular economy, carbon reduction and development of green technologies.

06

GLOBAL NETWORK

A strong international network and strategic partnerships enable us to deliver projects and solutions across multiple markets.

07

EXPERT TEAM

A team of experienced engineers, project managers and industry experts dedicated to delivering excellence.

08

FINANCIAL STRENGTH & RELIABILITY

Strong financial foundation and disciplined management ensure stability, risk control and successful project delivery.

INVESTMENT OPPORTUNITIES IN OMAN

We focus on high-potential sectors that support Oman's economic diversification, industrialization and sustainability goals. Our integrated capabilities enable us to develop and operate world-class projects that create long-term value.

REFINING & PETROCHEMICALS

Development of refineries, petrochemical complexes and downstream facilities to support Oman's energy transition and industrial growth.

WASTE TO ENERGY & CIRCULAR SOLUTIONS

Converting waste into valuable energy and resources through advanced treatment, recycling and circular economy technologies.

GREEN HYDROGEN & CLEAN ENERGY

Investing in green hydrogen, ammonia and clean energy projects to accelerate Oman's decarbonization and support future industries.

PYROLYSIS & ADVANCED THERMAL TECHNOLOGIES

Advanced pyrolysis and thermal decomposition technologies for plastic, tire and organic waste conversion into valuable outputs.

TANK TERMINALS & STORAGE SOLUTIONS

Strategic tank terminal and storage infrastructure for crude oil, refined products, chemicals and specialty oils.

INDUSTRIAL MANUFACTURING

In-country manufacturing of critical equipment, process skids and modular units to support local industry and export markets.

BIOTECHNOLOGY & HEALTHCARE

Biotechnology, probiotics and healthcare product development to enhance quality of life and create high-value industries.

INTERNATIONAL TRADE & LOGISTICS HUB

Positioning Oman as a regional trade and logistics hub connecting Asia, Africa, the Middle East and Europe.

- ✓ Skilled workforce and strong government support

INDUSTRIAL ECOSYSTEM

One Group. Integrated Solutions. Sustainable Impact.

PAYIDAR Global Group operates as a fully integrated industrial ecosystem where each company adds unique value and strengthens the entire chain. From engineering and technology to manufacturing and global trade, we deliver comprehensive solutions that create long-term value for investors, partners and the communities we serve.

THE PAYIDAR GLOBAL GROUP ECOSYSTEM

POWER OF INTEGRATION

CREATING VALUE ACROSS THE INDUSTRIAL CHAIN

Our integrated ecosystem enables us to deliver end-to-end solutions, minimize risks, maximize value and build a sustainable industrial future for Oman and beyond.

IN-COUNTRY VALUE (ICV)

Creating Shared Prosperity for Oman

PAYIDAR Global Group is committed to maximizing In-Country Value by contributing to Oman's economic growth, developing local talent, empowering communities and building a sustainable industrial future.

OUR COMMITMENT TO OMAN

LOCAL JOB CREATION

Creating employment opportunities for Omani nationals and supporting workforce development.

LOCAL PROCUREMENT

Prioritizing local suppliers, manufacturers and service providers to strengthen Oman's industrial ecosystem.

TRAINING & CAPACITY BUILDING

Investing in education, technical training and skills development to empower Omani talent.

TECHNOLOGY TRANSFER

Transferring advanced technologies and know-how to build local capabilities and long-term expertise.

ECONOMIC DIVERSIFICATION

Supporting Oman's Vision 2040 by developing high-value industries and reducing dependence on hydrocarbons.

SME & LOCAL BUSINESS DEVELOPMENT

Partnering with SMEs and local businesses to drive innovation and shared growth.

SUSTAINABLE & GREEN GROWTH

Promoting environmentally responsible practices and supporting Oman's journey towards a low-carbon future.

COMMUNITY ENGAGEMENT

Investing in community initiatives, social programs and infrastructure to improve quality of life.

HEALTH, SAFETY & ENVIRONMENT (HSE)

Operating to the highest international HSE standards to protect people, assets and the environment.

EXPORT & GLOBAL COMPETITIVENESS

Building world-class industries in Oman to compete globally and increase non-oil exports.

SUSTAINABILITY & ESG

Building a Low-Carbon Industrial Future

PAYIDAR Global Group is committed to sustainable development by integrating ESG principles into every project and operation. We engineer solutions that protect the environment, optimize resources and create lasting value for future generations.

OUR SUSTAINABILITY FOCUS AREAS

CIRCULAR ECONOMY

Maximizing resource efficiency through waste minimization, reuse and recycling.

CARBON EMISSION REDUCTION

Implementing advanced technologies to reduce emissions and support decarbonization goals.

GREEN ENERGY PROJECTS

Investing in clean energy solutions including hydrogen, wind, solar and energy storage.

PETROLEUM SLUDGE RECOVERY

Turning waste into valuable resources with safe and environmentally responsible solutions.

PLASTIC & ORGANIC WASTE RECYCLING

Converting plastic and organic waste into useful products and alternative fuels.

WATER RECYCLING & WASTEWATER TREATMENT

Protecting water resources through advanced treatment and recycling technologies.

ENERGY EFFICIENCY

Optimizing process design and operations to reduce energy consumption and costs.

OUR CAPABILITIES

Engineering Excellence. Integrated Solutions.

PAYIDAR Global Group brings together advanced engineering, technology and industrial expertise to deliver end-to-end solutions across the full project lifecycle. Our integrated capabilities ensure reliability, efficiency and long-term value for our clients and partners.

END-TO-END SOLUTIONS

FEASIBILITY STUDIES

Comprehensive technical and economic analysis to ensure project viability.

FRONT-END ENGINEERING (FEED)

Optimized process design, cost estimation and project planning.

DETAILED ENGINEERING

Multidisciplinary engineering with advanced tools and technical accuracy.

PROCUREMENT & SUPPLY CHAIN

Efficient procurement, logistics and expediting through our global network.

CONSTRUCTION & INSTALLATION

High-quality construction and installation with strict HSE standards.

COMMISSIONING & START-UP

Pre-commissioning, commissioning and performance testing for smooth start-up.

OPERATIONS & MAINTENANCE SUPPORT

Long-term operational support, training and maintenance solutions.

ENGINEERING EXCELLENCE

Advanced design, simulation and engineering for complex projects.

PROCUREMENT EXPERTISE

Global sourcing network and strategic partnerships to ensure quality and cost efficiency.

MANUFACTURING & FABRICATION

In-house fabrication facilities built to international standards.

CONSTRUCTION & PROJECT MANAGEMENT

Safe, on-time and on-budget execution with experienced project management.

STRATEGIC PARTNERSHIPS & GLOBAL COLLABORATIONS

Stronger Together for a Sustainable Future

PAYIDAR Global Group builds long-term partnerships with world-leading technology providers, engineering companies, financial institutions and local stakeholders to create integrated solutions and deliver exceptional value.

OUR PARTNERSHIP APPROACH

MUTUAL GROWTH

Building win-win partnerships that drive shared success and long-term growth.

COMPLEMENTARY EXPERTISE

Combining technical knowledge, technology and resources to deliver innovative solutions.

TRUST & INTEGRITY

Upholding transparency, ethics and accountability in every collaboration and commitment.

GLOBAL NETWORK

A strong network of global partners and local stakeholders across key markets.

SUSTAINABLE IMPACT

Working together to create sustainable industrial solutions and positive social impact.

OUR KEY PARTNERSHIPS

TECHNOLOGY LICENSORS

World-class licensors and technology providers.

ENGINEERING & EPC PARTNERS

Collaborating with leading engineering and EPC firms.

FINANCIAL INSTITUTIONS

Partnering with global financial institutions and export credit agencies.

LOCAL & COMMUNITY STAKEHOLDERS

Working closely with local partners and communities.

TOGETHER FOR
OMAN VISION 2040

Engineering Today. Sustaining Tomorrow.

PAYIDAR Global Group delivers complex industrial projects that create value, drive innovation and support sustainable development across energy, environment and advanced manufacturing sectors.

01 MODULAR REFINERIES

Flexible. Efficient. Scalable.

Compact and highly efficient refinery solutions from 10,000 to 100,000+ BPD capacity.

- Crude Distillation • VDU • Hydroprocessing
- CCR Reformer • FCC / Hydrocracker

02 PETROLEUM SLUDGE PROCESSING PLANTS

Turning Waste into Value.

Advanced thermal and chemical technologies to process sludge, oily waste and hazardous residues.

- Sludge Treatment • Oil Recovery • Emission Control
- Environmental Compliance

03 TANK TERMINALS & STORAGE FACILITIES

Safe Storage. Seamless Operations.

Design and construction of world-class tank farms and marine terminals for bulk liquid storage and handling.

- Crude Oil • Refined Products • Petrochemicals
- Base Oils • Bitumen • Chemicals

04 WASTE-TO-ENERGY PLANTS

Cleaner Energy. Better Future.

Integrated solutions for municipal and industrial waste conversion into clean and reliable energy.

- Incineration • Gasification • Power Generation
- Emission Control • Resource Recovery

05 PYROLYSIS PLANTS

From Waste to Resource.

Innovative pyrolysis technologies to convert plastic, tire and organic waste into valuable fuels and chemicals.

- Plastic to Oil • Tire Pyrolysis • Biochar
- Circular Economy Solutions

06 GREEN HYDROGEN PROJECTS

Powering a Low-Carbon World.

End-to-end green hydrogen solutions including production, storage and utilization.

- Electrolysis • Compression • Storage
- Ammonia • Mobility • Industrial Use

07 INDUSTRIAL MANUFACTURING & EQUIPMENT

Built with Precision. Delivered with Quality.

In-house manufacturing of critical equipment and skids with international quality standards.

- Pressure Vessels • Heat Exchangers • Skids
- Piping Spools • Structural Steel
